## Creative Uses Delphol® HC

Eau de Toilette at 5%

In this functional accord, the addition of DELPHOL® HC increases the overall body of the fragrance pushing the floral and fruity notes. It also softens the woody notes giving a more powdery effect.

## Creative Uses Delphol® HC

Shampoo at 0.5%

This fresh, green, floral, ozone accord with citrus notes becomes more fresh, gains body, and has increased intensity and diffusion by the addition of DELPHOL® HC.
