HIVERNAL® NEO boosts all the fresh facets of the accord: from pink pepper, to the floral heart. It also supports muguet notes, enhances naturality and brings a sparkling effect to the fruity notes.

In version B, HIVERNAL® NEO is replaced by DIPG.

A low level of HIVERNAL® NEO imparts green effect, naturality and lift to this fruity-floral accord.

In version B, HIVERNAL® NEO is replaced by DIPG.
